

DECLARATION OF COMPLIANCE

Importer

Paul Stricker SA

Núcleo Industrial de Murte, Lote 5

3060-372 Murte

Date of the declaration

11/03/2022

Product covered by this declaration

Name: FRAPPE. Reusable cup

Ref: 94784

Main materials : PP (polypropylene)

This product complies with:

Applicable regulations

Regulation (EU) 1935/2004 and the articles 3, 15 and 17, of October 27, 2001 on plastic materials and objects intended to come in to contact with food.

Regulation (EU) 10/2011 and its subsequent amendments, on plastic materials and objects intended to come in to contact with food.

Regulation 2020/1245 which modifies and corrects regulation 10/2011 on plastic materials and objects intended to come in to contact with food.

REACH Regulation No. 1907/2006 on registration, evaluation and authorization of chemical products. Among others, Annex XVII on restrictions on the manufacture, marketing and use of certain dangerous substances, mixtures and articles.

Information relative to the substances which are subject to a restriction in food, obtained by experimental data or theoretical calculation about the level of their specific migration and, where appropriate, purity criteria

SML Components

These products contain one or more components with Specific Migration Limits (SMLs)

Substance name	CAS	SML (mg/Kg)
Pentaerythritol tetrakis[3-(3,5-di-tert-butyl-4-hydroxyphenyl)-propionate]	0006683-19-8	-
Phosphorous acid, tris(2,4-di-tert-butylphenyl)ester	0031570-04-4	30

Dual use additives

These products contain one or more dual use additives as defined in Regulation 10/2011/EC : E 572 Calcium stearate

Overall migration

- Overall migration is below 10mg/dm² under standard testing limit conditions laid down in Regulation (EU) No. 10/2011 (as amended)

Test condition	Simulant	Time	Temperature
OM2	Oil vegetable	10 days	40 °C
OM2	Acetic acid 3%	10 days	40 °C
OM2	Ethanol 10%	10 days	40 °C

Specifications on the use of the product

These articles are suitable to contain all types of food. Repeated use.

Conditions of use:

Prolonged storage at room temperature or below, including packaging under hot fill conditions and / or heating to a temperature T where 70 °C ≤ T ≤ 100 °C for a maximum of $t = 120/2^{(T-70)/10}$ minutes.

Warnings

Appropriate using conditions must be applied to the product.

Existence of a functional barrier (multi-layer materials)

The product does not use a functional barrier.

This declaration is issued under the exclusive responsibility of Paul Stricker SA.
