

Statement of conformity

Paul Stricker S.A. declares that the product with the reference **95048 – HANDY SAFE. Antibacterial multifunction keyring**

is in conformity with the applicable European Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), specifically:

- REACH Annex XVII (entry 51 & 52) - Phthalate content
- REACH Annex XVII (entry 63) - Lead (Pb) content
- REACH Annex XVII (entry 23) - Cadmium (Cd) content

The plastic ABS has properties antibacterial that were conferred by a special treatment with ability to inhibit the growth of bacteria. The antibacterial properties were evaluated according to the technical Standard ISO 22196 - Measurement of antibacterial activity on plastics and other non-porous surfaces, and the performance and efficiency of treatment is showed by the testing results.

Therefore, it is a fact that the treatment inhibits the development of bacteria.

The product has been subjected to tests performed by the STQ Testing Services Co., Ltd., which issued Certificate No. SZ2020070204-1E on 1st July 2020.

A full copy of test report can be sent to costumer by request to his dedicated commercial account manager.

This statement of conformity is issued under the exclusive responsibility of Paul Stricker SA.
